

City of Kingsley Tree Removal Application

07/11/2011

Resident Information

Property Owner _____ Phone _____

Address of Property _____ Email _____

Proposed tree to be removed is located in the: front yard front easement side easement backyard

Approximate diameter, height and species of the tree to be removed _____

Specific reason for requesting removal of tree _____

Please make a diagram on the reverse side that shows the placement of the tree to be removed in relation to the house, the sidewalk and the street. "Kindergarten style" drawings are fine. It is strongly suggested that the homeowner obtain a copy of the tree removal company's liability and worker's compensation certificate.

I certify that the above information is true to the best of my knowledge. I further acknowledge that if the tree is located in the front yard, or the front or side easement that the tree must be replaced within six (6) months with a tree of a species approved by the City of Kingsley Tree Board. Said replacement tree must be a minimum of 10 feet tall, and have a diameter of at least 1½". A check in the amount of \$200 **must** accompany this application. This is a deposit, as a bond, not a fee.

In order to receive your deposit back, the owner must call one of the Tree Board Chairpersons, Phyl Breuer (452-2515) or Susan Melcher (459-0802), so that the items on the "After Tree Removal Checklist" may be reviewed for determination of compliance.

Signature of Property Owner _____ Date _____
